Underground coal gasification field test in Alberta - 1976, ARC.797

0176

The measurement of the flow properties and capillary pressure relationships of certain coal pertaining to Coal pressurization and feeding - Use of a lock hopper system, NTIS.N78-13241-13270 In-situ coal gasification: The Forestburg (Alberta) field test, 1976, ARC.808 Underground coal gasification in Canada, ARC.819 Energy recovery of UCG - An Alberta field test Alberta UCG field test - 1976 113 79 78

underground coal gasification. Final report, September 1976 - November 1977, NTIS.COO-4129-5 Capital Cost: High and low sulfur coal plants - 1200MWe, Volume 1 of 3. NTIS.NUREG-0243 Effect of alkali metal catalysts on gasification of coal-char Pyrolysis of sub-bituminous coal in relation to in-situ coal gasification 267

SAE . P-75 Synthane - A process for the gasification of caking and noncaking coals, Characterization of the heavy products of coal pyrolysis 24 25 77

0178 0178 0178 0178 0178 0178

0178 0178 0178

Coal conversion by flash hydropyrolysis and hydrogasification, SAE.P-75 ERDA's research program relating to lignite and other low-rank coals The economics of electricity and SNG from in-situ coal gasification 106 79 94

Site selection. gasification Economics of producing ammonia from coal by pressurized entrained and Koppers-Totzek Underground gasification for steeply dipping coal beds. Phase 1 report: Appendix A. Reactor performance during rapid-rate hydrogasification of sub-bituminous coal Kinetic modeling of pyrolysis and hydrogasification of carbonaceous materials 156 165 107

September

The measurement of the flow properties of coals for in-situ gasification. Final report for December 1977 An analysis of coal hydrogasification processes. Final report, NTIS.FE-2565-14 - February 1978, NTIS.SAN-1472-9 1977 247 273 38 0178 0178 0179

Laboratory support for in-situ gasification -- reaction kinetics. Annual report October 1976 - September 1977, Initial results from a linked-vertical-well field test in bituminous coal, NTIS.CONF.ND: 790630 November 1978, NTIS.COO-4639-4 NTIS. ANL/CEN/FE-79-1 47 0179

Structural and fracture mechanics simulations associated with in-situ gasification of bituminous coals, Kinetics of sub-bituminous coal drying, NTIS.CONF.NO: 790630 A review of supporting research at Oak-Ridge National Laboratory for Underground Coal Conversion, NTIS. CONF. ND: 790630 0179 85 117 0179

Zinc-halide hydrocracking process for distillate fuels from coal. Annual technical progress report for 1976. Coal liquefaction studies using phosphoric-acid at moderate temperatures and pressures, DOE.LBL-6858 Liquefaction Study of Several Coals and a concept for underground liquefaction, WVA.135 Including the quarter ending January 1977, NTIS.FE-1743-33 125 0276 0277 0277

Zinc-halide hydrocracking process for distillate fuels from coal, Annual Technical Progress report, Feb. 1977 Kinetics of catalytic liquefaction of Big-Horn coal in a segmented-bed reactor Kinetics of thermal liquefaction of Belle-Ayr sub-bituminous coal Kinetics of catalytic liquefaction of Big-Horn-coal, ACS.65 Surface area variations of coal during solvent-extraction - Jan. 1978, NTIS.FE-1743-49 0278 145 22 29 34 36 0278 0278 0279

Zinc-halide hydrocracking process for distillate fuels from coal. Annual technical progress report for February 1978 - January 1979, NTIS.FE-1743-68 Dry table - pyrite removal from coal, ACS.64 Vaterite formation during coal liquefaction Beneficiating Rosebed sub-bituminous coal Western Coal use in Industrial Boilers 37 44 0279 0279 0377 0377 0377

Coal desulfurization by low temperature chlorinolysis, Final Report for Phase 1, NTIS.FE-9060-1

Basic estimated capital investment and operating costs for coal strip-mines, BOM.IC 8703 Coal-energy development in the Northern Great Plains, NTIS PB-231 560 Alberta Coal Industry - Annual Statistics, ERCB.78-29 Determine coal grindability 0476 0473 0477 0378

Basic estimated capital investment and operating costs for sub-bituminous and lignite coal strip mines, Chemical conditioning of low sulfur Western-coal, NTIS.CONF-770403-12 Hygas process development 13
